Let me think about how I would want you to use the funds.

Gary,

I beleive that vacuum box #281842 is also identified as #2567. I will check my files concerning the other vacuum boxes and inform you as to my findings.

The trustee had allocated \$130K for vacuum boxes #601 & #617 plus \$32K for the stockpiled waste (\$162K) and IKON's total Invoices for both projects totaled \$82K. Therefore, the trustee should still have approximately \$80K remaining to dispose of additional waste. I will be talked to the trustee this afternoon after reviewing IKON's cost proposals to determine now best to utilize the remaining funds. I do not plan on addressing any rental boxes with the remaining funds and feel it would be better utilized to address additional vacuum boxes owned by the estate that are located on a earthen surface adjacent to the western most fence line that are not provided with any type of containment. What are you thoughts?

Mickey:

I have data for VB618, VB632, and VB2567. On you layout, these VB's do not

show up. Are they known as something else?

I do not have any data on the following VBs:

VB281842

VB633

VB (No ID)

RO (No ID)

VB406

I will be checking the VB numbers today to see which ones are there.

Thanks

Gary Moore
